

## Who We Are?

We are a small group of students from Jordan who want to do something small but meaningful for our nation and for the people by assisting those in need of blood in finding local, quick, and easy blood donors

## Our purpose

How many times have you received calls asking you to give blood? Or how often have you seen requests for blood donations in posts on Facebook? This has probably happened to you numerous times, as it has to us personally. In fact, it has happened to us so frequently that it can be said that finding blood donors has become challenging and problematic for many people, sometimes to the point where it can mean the difference between life and death. This has always driven us to look for a solution in our country, which we hope for this platform will be.

## Our aim

It's easy!! in Amman, obtaining blood will not be a challenge. Do you require blood donors? Thousands of donors in your area can be found with just a short search on this portal.
